The ecogum Range

The Professional & Revolutionary CHEWING GUM REMOVAL Systems

Specialists In Eco-Friendly Chewing Gum Removal Machines

For a decade, Eco Removal Systems has specialised in the design and manufacture of ultra-portable, self-contained chewing gum removal machines.

Our Ecogum range of machines are lightweight, durable and very reliable and are manufactured at our factory in Birmingham (UK).

Every Ecogum machine has the following benefits:

- Long Runtime
- Eco-Friendly
- Completely Silent
- User-Friendly
- Ultra-Portable
- Lightweight

Handheld Controller

The Ecogum Midi, Maxi and E-MaxE are equipped with a handheld controller that can be attached onto the machine's harness, allowing easy access to the controls.

The Ecogum E-MaxE: Fully Electric System

The Ecogum E-MaxE has been designed and created by our team of expert engineers, after years of research and development with the goal of creating a fully battery-powered and lightweight machine that has a long runtime.

With our proven track record of creating a high performance and reliable machine, the Ecogum E-MaxE was a great addition to the Ecogum range as a completely electric, gum removal machine.

The Ecogum E-MaxE is carried in a lightweight backpack with a long runtime and interchangeable batteries.

The E-MaxE also has the following benefits:

- Long Runtime
- Ultra-Fast Charger
- Suitable for Indoors
- Handheld Controller

Completely Electric

The Ecogum E-MaxE has been designed and created by our team of expert engineers, after years of research and development with the goal of creating a fully battery-powered and lightweight machine that has a long runtime.

Long Runtime

All Ecogum machines have up to 8 hours continuous runtime.

Completely Silent

The Ecogum machines are completely silent, allowing them to be operated at all times of the day or night.

Ultra-Portable

Our self-contained backpack machines are easily stored and transported; no power source or water supply required.

Eco-Friendly

Our machines use a natural, pH neutral detergent which is scientifically formulated to remove all types of chewing gum from any surface.

User-Friendly

Our Ecogum machines are very user-friendly and can be operated around the general public, creating very positive PR coverage and visibility.

Lightweight

Every Ecogum machine is very comfortable for the operator to wear over a long period of time.

Long Runtime

The lithium-ion batteries have been designed and manufactured by our team of engineers, to create a lightweight battery with a minimum of 80 mins continuous use, per battery.

Ultra-Fast Charging

The Ecogum E-MaxE is supplied with an ultra-fast charger which will fully charge a battery in approximately 100 minutes; making continuous operation easy.

Suitable for Indoors

The Ecogum E-MaxE is perfect for external use but can also be used internally in areas like shopping malls, retail units and educational settings.

Durable Case

The Ecogum Maxi and E-MaxE has a purpose-built, robust and durable backpack which also allows the operator easy access to load and unload consumables.

Eco Removal Systems Production Line

ecogumE-MaxE

- ✔ Completely electric
- ✔ 2 x interchangeable lithium-ion batteries
- ✔ 80-minute run time (per battery)
- ✔ Ultra-fast charger
- ✔ Handheld controller for extra control
- ✔ Robust and durable outer-casing
- ✔ Our lightest ever carbon fibre lance
- ✔ Battery monitor
- ✔ Runtime monitor
- ✔ Heat Indicator

Price per unit:
£3295

ecogum MINI

- ✔ Gas-powered
- ✔ 4-hour battery life
- ✔ Softshell outer casing
- ✔ Controls on the base of the machine
- ✔ Lightweight carbon fibre lance

Price per unit:
£2195

ecogum MIDI

- ✔ Gas-powered
- ✔ 8-hour battery life
- ✔ Handheld controller
- ✔ Softshell outer casing
- ✔ Lightweight carbon fibre lance
- ✔ Battery monitor
- ✔ Fluid sensor

Price per unit:
£2495

ecogum MAXI

- ✔ Gas-powered
- ✔ 8-hour battery life
- ✔ Handheld controller
- ✔ Robust and durable outer casing
- ✔ Lightweight carbon fibre lance
- ✔ Battery monitor
- ✔ Runtime monitor
- ✔ Fluid sensor

Price per unit:
£2995
